

# **The Best Holiday**

**By Will A**

**I absolutely love Thanksgiving so much. It is definitely my preferred holiday! But is it yours? It should be. There are many reasons why it is my favorite holiday. You get to devour as much astoundingly, delicious food as you want for free. You get to get super close to all of your relatives and learn about their lives. Also, other relative's can visit your house. I have never had a bad Thanksgiving!**

**Thanksgiving is the best holiday in the universe. You get all the best food, and lots of it. You can eat giant heaps of mashed potatoes, golden crisp corn, splendid steak, and it wouldn't be Thanksgiving without the crispy, juicy turkey. All the food is so much better because it is usually from an old delicious family recipe. Also, you don't have to feel bad about eating so much food because it's Thanksgiving! This is probably my favorite part of Thanksgiving.**

**I love this spectacular holiday, because your family usually gets to go to your house. You can impress them with your awesome house and room. You know all the fun things to do at your house, so you can share those things with your family. One awesome Thanksgiving at my house all my relatives and I got out baseball gear and split everyone into two teams. We played a game for 2 hours! That was so much fun. Now we usually play a giant baseball game.**

**Every Thanksgiving I have ever had has been amazing I wait all year hoping for Thanksgiving to come earlier. I remember when I was little I would always try and sit at the adult table to look grown up. Unluckily I would always be noticed and told to sit at the little kid table. This spectacular holiday has so much to offer for fun, food, and family and that's what makes it my favorite holiday.**
