

Why I Think Winter is the Best

By Edward W

Do you enjoy winter? Well, I do! Do you know what makes me think winter is the best season? I like that in winter you can play with snow, have Christmas, and enjoy the New Year. Others may disagree, but I believe winter is the best period of the year.

Snow can be used in many different ways to have an outstanding time. One way is that you can have snowball fights. One day my sister, my dad and I had a snowball fight. My dad built a fort and my sister and I assaulted it. No one won because we hit dad but he returned fire and we got hit. You can also build snow sculptures and sled down a hill full of snow. With snow the sky is the limit. I feel awful for the people who have never experienced snow.

Christmas also happens in the winter and Christmas is most people's favorite holiday. I like getting huge presents that I would never in a million years get on my birthday or any other holiday. There is also a long Christmas vacation. Christmas is the

happiest time of the year. Everyone stops arguing and actually enjoy the day. Christmas is one of the best parts of winter.

After our happy Christmas we have our even happier New Year. I love watching the countdown on TV. We all think about all we have accomplished during the past year and what we are going to accomplish in the New Year. It is exciting to see an old year pass. Even though your birthday isn't close to the New Year, it feels like you grew older. the New Year is just as special as Christmas to me.

There is so much to do when winter comes. With snow, Christmas and the New Year, I can't imagine a better season than winter. Sometimes there are blizzards or 1 to 2 feet of snow so school is canceled. During this day I could play video games, work on projects that are due soon or check my homework. I have a lot of exciting and memorable memories when it comes to winter. Next time winter comes, enjoy every moment of it.
